# YOUR GOD'S NOT COMING

Emi, a public defender, believes in justice—but not in god. Rufus, a meth addict, believes in Emi—but not in love. Sebastian, a Wall Street maverick, believes in money and the need to lure his socialite wife, Bianca, away from her obsession with the latest designer religion. How will these four lost souls repopulate a post-apocalyptic planet when their fears far outweigh their faith.

Playwright Akin Salawu firmly believed that art and politics never mix well until an invitation to write a play for an anti-war benefit yielded one of the most satisfying artistic experiences of his career. **YOUR GOD'S NOT COMING** is the startling by-product of this awakening.
